## ESCAPE SOHO – THE PERFECT PARTY VENUE

Escape Bar has emerged from its refurbishment as glitteringly gorgeous as a butterfly! This beautiful little gem of a bar is a fabulous party venue, bang up to date after its makeover, but delightfully old-school Soho with that classic intimate atmosphere.

In its previous incarnation as the Piano Bar, it was the hub of the Soho vibe as it stood on the corner of Walker's Court and Brewer Street, winking at passers-by. Now the live music evenings are back, creating a unique venue that is glamorous yet cosy and welcoming.

Its West End location makes it ideal for parties, being easily accessible after office hours. It's perfect for birthdays and any kind of celebration which demands a certain style, as well as intimacy and fun.

You can start your party from 7pm and guests are welcome to stay on and enjoy the club nights which run from 10pm-3am.

Escape can entertain up to a hundred guests: providing a bar and a buffet if required, with drinks offers available and excellent deals on champagne. For your party sounds, some of the best DJs in London are available – masters of their art who are guaranteed to create the best night ever! Also available to add sophisticated Sixties glamour are the piano-player and singer combo who know every cocktail-hour song ever written! The final flourish of fairy dust comes with the top professional drag artistes who can entertain your guests as only they know how!

It's the coolest bar in Soho (literally) with state-of-the-art sound and lighting systems; and all within the heart of that unique Soho buzz!
